

**#WECARE4KCM**

## **COMMITTED TO PROTECT KCM'S VALUE FOR ZAMBIANS**

**VEDANTA INVESTED US\$ 1.7 BILLION IN THE INTEGRATED ASSET TO BRING KCM INTO THE 21<sup>ST</sup> CENTURY**

### **INHERENT VALUE LOST IF KCM IS SPLIT**

#### **LIFE OF MINE EXTENSION TO BEYOND 2030**

Investment of **US\$ 1.3 billion**

#### **IMPORTANCE OF NOT SPLITTING UP KCM**

Konkola ore body has Cobalt in the minerology, and the value of Cobalt can be realized only if Konkola concentrate is supplied to Nchanga Smelter. As no other smelter in the country can produce cobalt alloy.

#### **AN INTEGRATED ASSET**

Over **US\$ 900 million** on developing the Konkola Deep mine | Over **US\$ 450 million** on a new smelter at Nchanga | Over **US\$ 200 million** on new concentrators  
Over **US\$ 150 million** on various key projects.

#### **UNIQUE DESIGN TO MAXIMIZE VALUE**

Nchanga Smelter is uniquely designed to process and treat the high copper grade Konkola concentrate.

#### **A CHANCE TO LEVERAGE THE BEST**

The leaching process in the TLP operation has access to extract copper from an integrated asset.

#### **INVESTING IN ZAMBIA OVER 15 YEARS**

Under Vedanta 99% of revenue generated at KCM stayed invested in Zambia and **US\$ 2.3 billion** paid as wages to 12000 employees and over **US\$ 1.2 billion** to CEC.

**We care for KCM Employees, Local Communities, People of Zambia**

**TOGETHER, WE HAVE A WIN-WIN SOLUTION FOR A PROSPEROUS ZAMBIA.**

**GOOD FOR ZAMBIA.**

**GOOD FOR KCM.**

**MAJORITY SHAREHOLDER OF KCM**
